

## **MSC-K**

### **Camera Jack**

The MSC-K provides a female RCA jack on the front side of the panel for interfacing a camera into a distributed video system. The backside connection is a female F type connector. The MSC-K is an easy solution for interfacing a camera into a video system. The module mounts into a standard electrical box (*not provided*), and is finished off with a matching decora coverplate (*see HPS1*).

The MSC-K module is available in brown, ivory or white.
