

RC10L-10 REMOTE CONTROL

The RC10L-10 is a remote control designed to work with either Ivie and BSS Audio Digital Signal Processors or automixers. It provides volume controls for nine channels, with a master volume control.

The RC10L-10 has a 10' cable terminated into an 13-pin male DIN connector. The mating 13-pin female DIN connector is provided mounted on a single gang stainless steel wallplate with a euro-style terminal block on the backside for wiring connections.
